Ground-floor prices on request. Unit sizes vary across each floor; prices shown are starting prices. Applicable 10% category charges are additional.

RETAIL OPPORTUNITIES

DINING OPPORTUNITIES

LOCATION

Connected to *what matters.*

Bahria Town Ring Road Interchange, Lahore, with direct SL-3 connectivity and a frontage visible from Ring Road.

VISIBLE FROM RING ROAD

A prominent address at one of Lahore's key interchanges, easy to find for residents, clients and visitors, with Ring Road and SL-3 bringing the wider city within reach.

INVESTMENT PERSPECTIVE

Assess the *business case.*

Ring Road visibility, mixed-use activity and dining and leisure attractions all shape tenant demand and rental potential. Compare unit location, total purchase cost, achievable rent, occupancy, fit-out cost and service charges.

No fixed rental return, capital appreciation or footfall is guaranteed.

VISIBILITY & ACCESS

Built to *attract attention.*

Visibility, access and space for retail and dining in a mixed-use destination.

FOOTFALL POTENTIAL

More reasons *to visit.*

Shopping, dining, a playland and a trampoline park create complementary reasons to visit. Homes and offices within the development add further customer audiences, every day of the week.

GLASS FACADE

A glazed architectural presence, visible from Ring Road.

4 SIDES OPEN

An open building setting with a prominent external presence.

SEPARATE ENTRANCE

Commercial access distinct from the residential arrival.

2 DEDICATED ELEVATORS

Commercial lift access between retail levels.

2 PARKING BASEMENTS

Extensive car and bike parking for customers and staff.

28 × 50 FT LOBBY

A generous arrival lobby for the commercial levels.

FLOOR HEIGHTS

GROUND FLOOR	FIRST FLOOR	SECOND FLOOR	THIRD FLOOR
26 ft	18 ft	18 ft	25 ft

AI-INTEGRATED BUILDING

AI-controlled smart access, lighting controls and security monitoring, supported by an Integrated Building Management System (IBMS), 24/7 security, power backup and fire management.

FIT-OUT INSPIRATION

Two distinct *experiences.*

Ideas for how a shop or a food-court business could come to life at Aureum.

RETAIL SHOP

Display. Welcome. *Inspire.*

Product displays, a checkout point and open customer circulation.

FOOD COURT

Dine. Gather. *Return.*

Multiple food counters and shared dining areas, distinct from a retail shop.

ILLUSTRATIVE FIT-OUT CONCEPTS / NOT ACTUAL AUREUM UNIT LAYOUTS / NOT TO SCALE

FLOOR HEIGHT 26 FT

Ground *floor.*

A large-format retail level at the heart of the building.

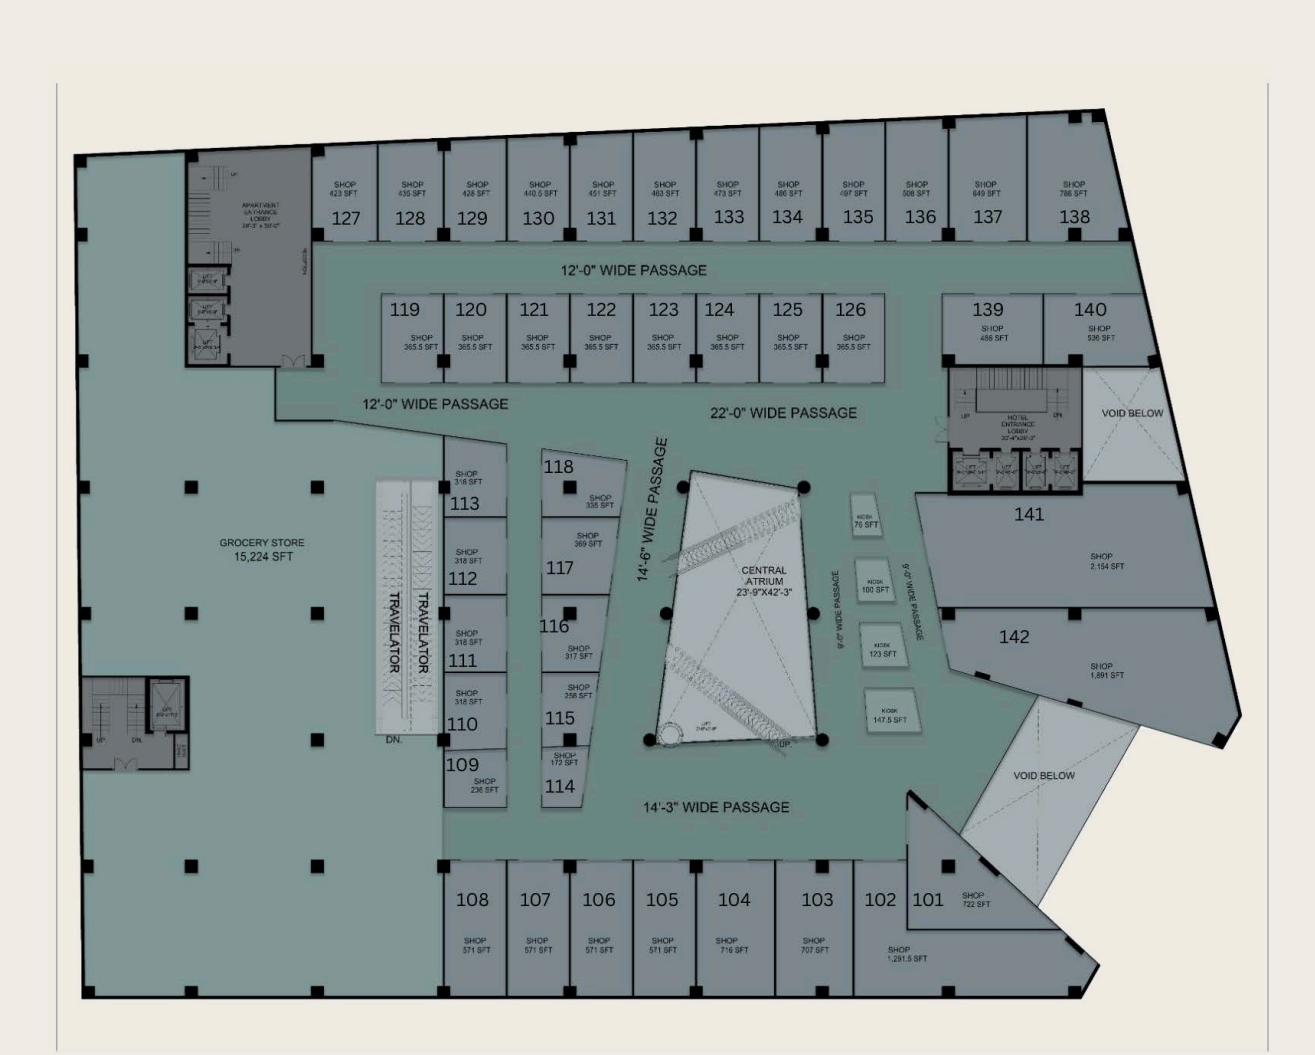

A LARGE-FORMAT RETAIL SETTING

The plan identifies shops, a showroom, a grocery store, a central atrium and surrounding circulation. Ground-floor prices are available on request.

FLOOR HEIGHT 18 FT

First *floor.*

Shops of every size around a central atrium, anchored by a large grocery store.

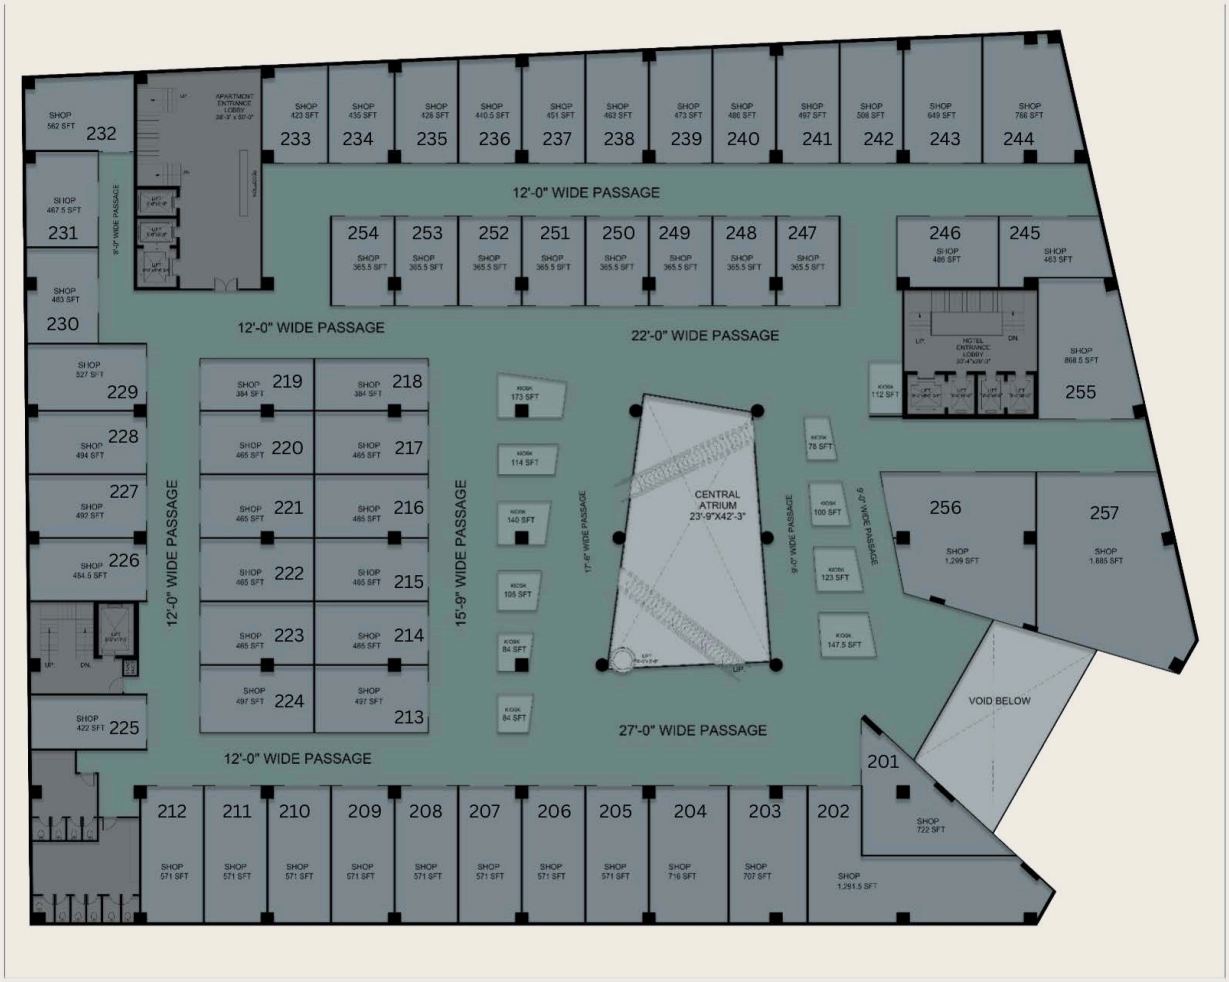

A BUSY, WELL-ANCHORED LEVEL

A 15,224 sq ft grocery store, travelators, kiosks and a central atrium bring steady movement past every shopfront. Shops on this level start from 172 sq ft.

FLOOR HEIGHT 18 FT

Second *floor.*

Space for different retail formats around a central atrium.

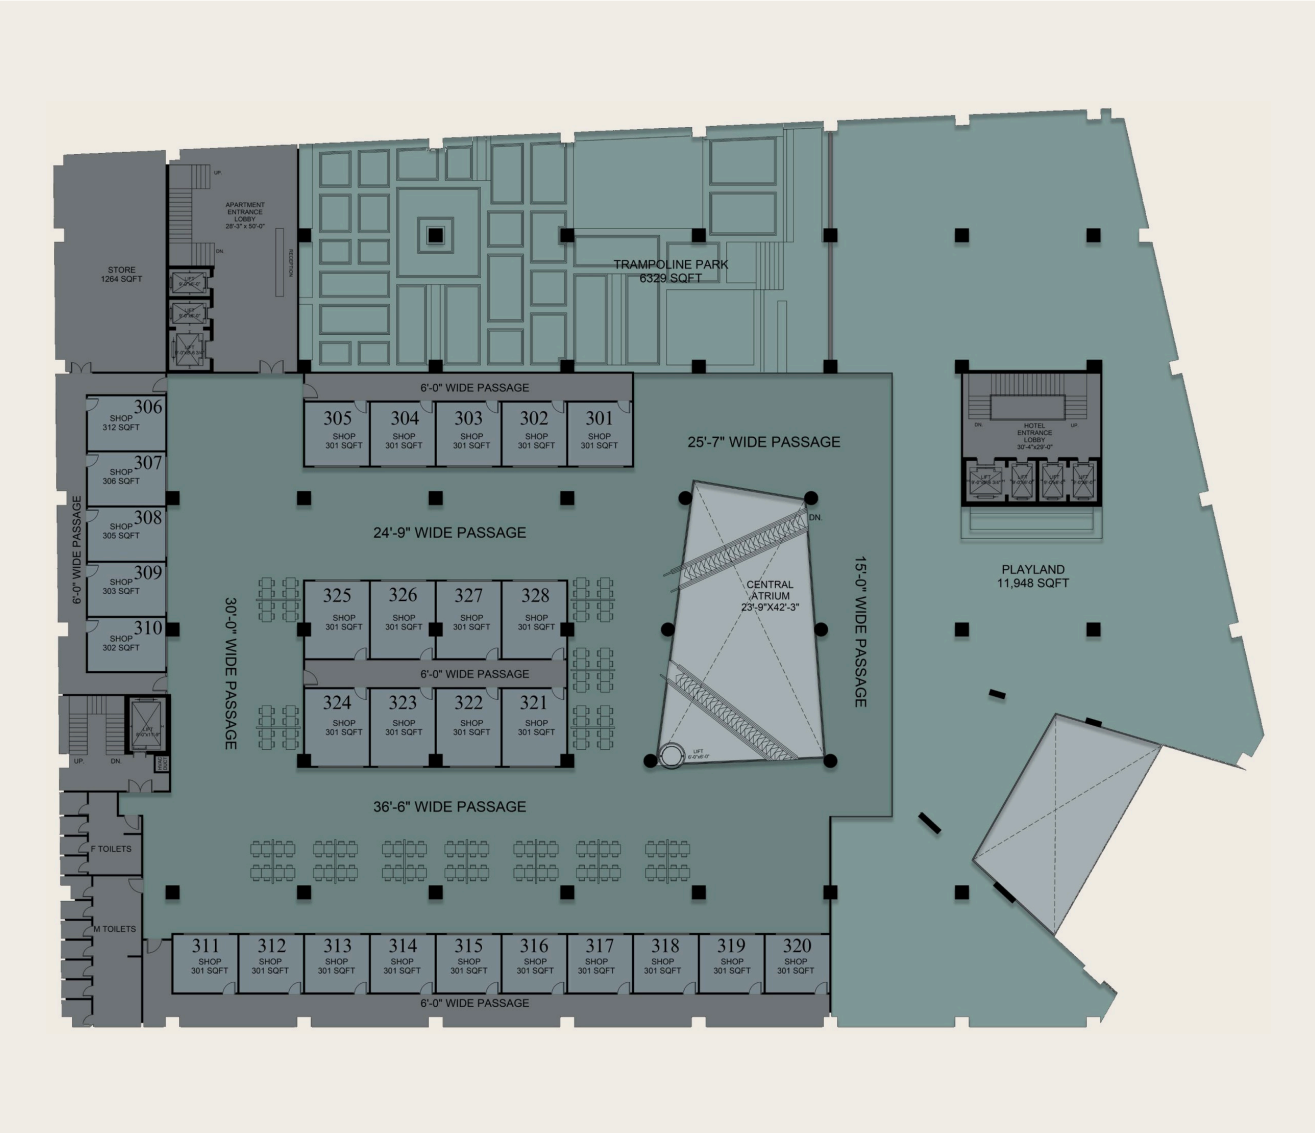

SPACE FOR EVERY RETAIL FORMAT

Shops, kiosks and wide passages arranged around a central atrium. Unit areas vary; confirm your selected unit against its individual quotation.

FLOOR HEIGHT 25 FT

Food court / *Third floor.*

Where dining meets family leisure.

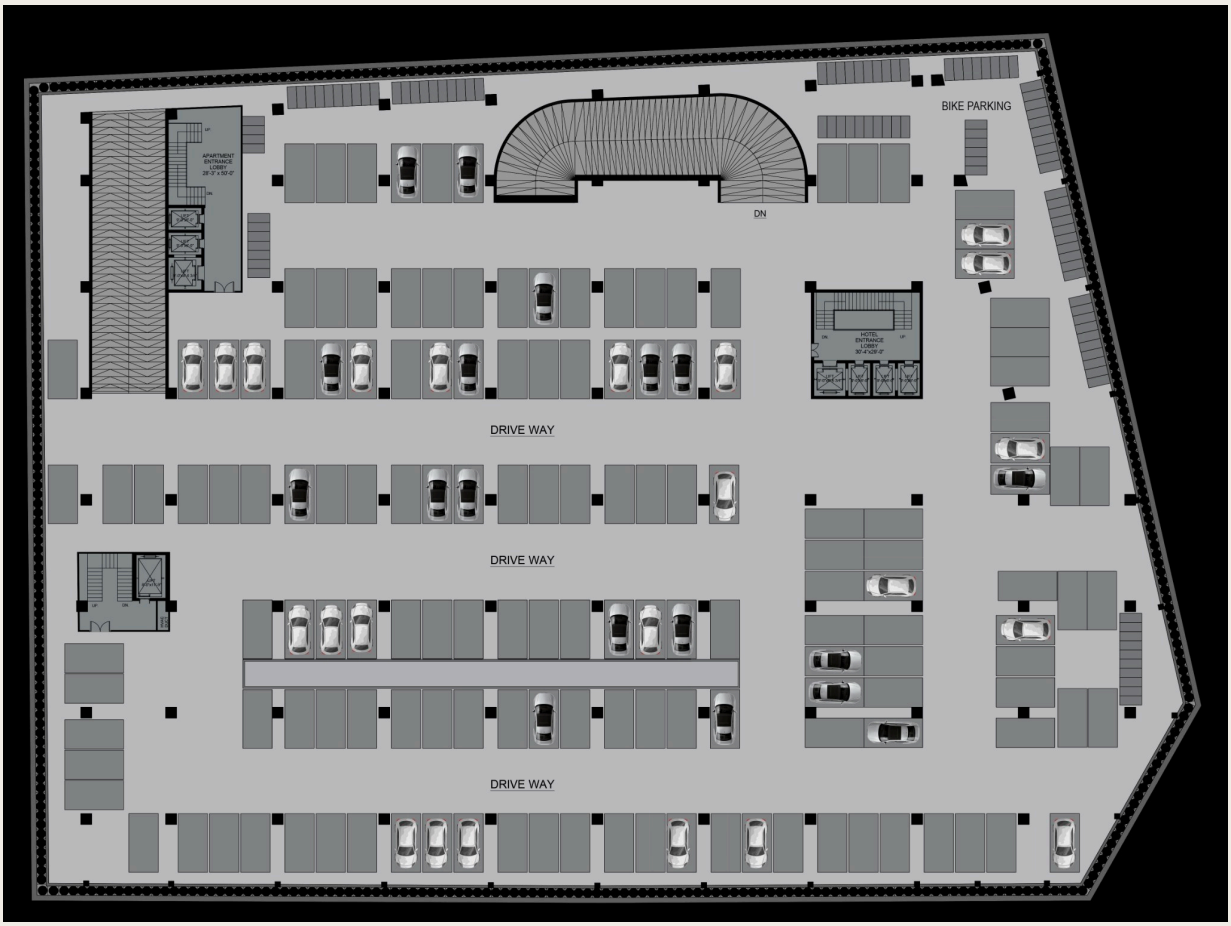

DINING MEETS FAMILY LEISURE

Food units and shared seating sit beside an 11,948 sq ft playland and a 6,329 sq ft trampoline park, bringing dining and recreation together on one level.

PARKING & ACCESS

Basement *level 1.*

The first of two basement parking levels.

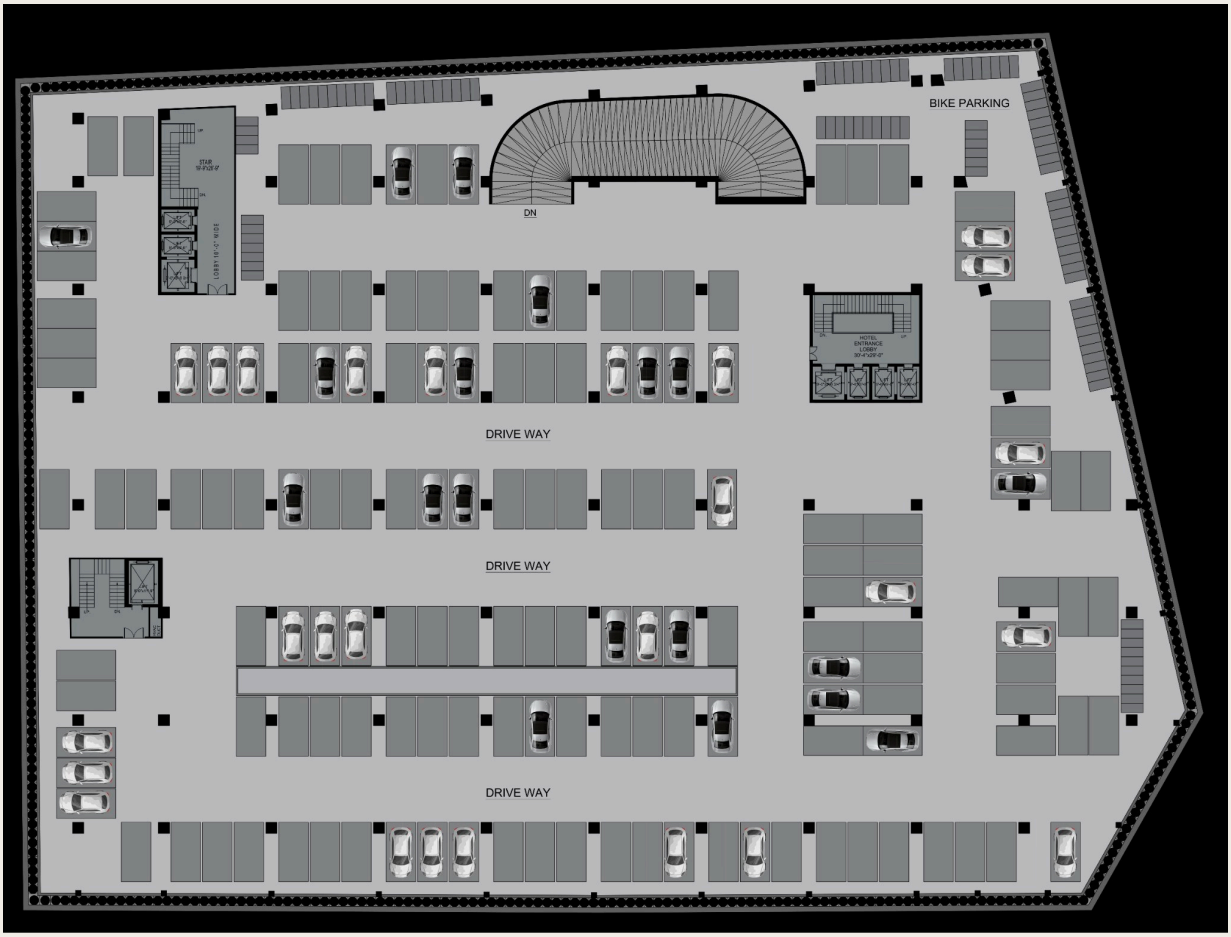

A MORE CONVENIENT ARRIVAL

Parking bays, driveways, ramp circulation and lift and stair access, with car and bike parking for customers, tenants and staff.

PARKING & ACCESS

Basement *level 2.*

The second of two basement parking levels.

PARKING ACROSS TWO LEVELS

A second basement adds parking capacity within the development, with its own bays, internal driveways, ramps and vertical access.
